

Memo Setting for Cox Users

1. Open Thunderbird
2. Under the Tools menu Select Account Settings
3. In the Left Window pane select Outgoing Server (SMTP)

4. Click on the Add button
 - a. Enter the following for your settings:

Description: **Cox**

Server Name: **smtp.west.cox.net**

5. Remove the Checkmark in the use name and password box
6. Select the OK Button
7. Select the pvmail.maricopa.edu from the smtp listing and click on the remove button. This will leave your cox.net as the default.
